

WIR IM QUARTIER

Climate change here and there

Would you like to change something HERE together with other people?

What does climate change look like THERE (in other parts of the world, in your homeland)?

How does climate affect you, your (home-)town, your region?

Are you interested in good neighbourly relations?

Is climate protection close to your heart?

WIR IM QUARTIER

Climate change here and there

5.02. Opening event

19.02. or 26.02. In-depth neighbourhood conversations

18.03. Final event with photo exhibition

The meetings will take place from 6-9 PM in the „Anschlussunterkunft Zergle“ (Mühlenweg 15, Konstanz-Wollmatingen).

Catering is provided.

We cordially invite you to talk with us about local and global effects of climate change. Since the events build on each other, we would appreciate to welcome you on all three events.

WHY YOU SHOULD PARTICIPATE?

- To get in contact with neighbours from different backgrounds & cultures
- To get & share knowledge about climate change
- To start conversations with persons in charge of the city
- To be integrated in common projects & to be part of a creative photo exhibition

Miteinander in Konstanz e.V.
